Using Super Assilex solutions means creating an optimal and uniform base for the new layers of primer, paint & clear coat. Key elements for that are the innovative latex backing and unique grain structure. The Super Assilex series simplifies your daily sanding jobs and adds efficiency due to its outstanding cutting performance and speed. Grits K240 - K360 are perfectly suited to sand surfaces **before applying primer**, K400 - K800 are used for **primer sanding and primer finishing before applying base coat** and K800 - K1500 for clear coat sanding and **blending**.

Grit	152 MM - 15H	152 MM - 7H	125 MM - 7H	75 MM	130 x 170 MM	*Application
